SMART SYSTEM

The best way to achieve maximum efficiency

Ledwell's SMART System addresses the growing demands for safety, performance, bio-security, and automation. The system includes an automatic three-step monitoring process that takes a fraction of a nanosecond to adjust for maximum offloading performance.

Scan for details

DROP DECK TRAILER

Versatile for all of your hauling needs

The Ledwell Drop Deck Trailer features exceptional maneuverability and handling thanks to a drop in the frame that creates a lower center of gravity. This trailer pairs Ledwell's classic delivery system with an added layer of stability designed to support the feed industry's top-heavy loads. Its durability and reliability make the Drop Deck Trailer a favorite for companies looking for a driver-friendly low-maintenance delivery trailer.

Scan for details

CLASSIC TRAILER

Unmatched in hauling capacity

With decades of innovation and field testing, the Ledwell Classic Trailer is unsurpassed in reliability and hauling capacity. Beating other bulk delivery systems' pellet quality by 15-25%, our Drag Chain Trailer system is reliable and fast in delivery. Both drag chain and auger options are equipped with Ledwell's signature Torque Converter System. This unique feature decreases maintenance needs and helps to reduce system overheating.

Scan for details

CLASSIC BODY

Built to fit your business

The Ledwell Classic Bulk Haul Body takes all of the reliability and efficiency of our Classic Trailer and pairs it with a chassis custom-designed for the needs of today's feed industry. Originally designed to haul feed, the Classic Truck Body has developed into a versatile product used in various industries. Our Drag Chain and Auger systems can efficiently unload a diverse selection of material.

PADDLE WAGON TRAILER

Best way to deliver larger products

Ledwell's Paddle Wagon is essential for delivering large quantities without disruption. While specifically designed to preserve the quality of range cubes through its paddle conveyor system, the Ledwell Paddle Wagon has the versatility to unload an array of products, including large cubes, blended feeds, pellets, and commodities.

PADDLE WAGON BODY

Complete solution for bulk delivery

With almost 50 years of road testing, our Paddle Wagon Truck Body offers a complete solution for delivering bulk material to various types of stock.

Whether you're transporting blended feed, pellet cube, or other material, the Paddle Wagon Body is the perfect choice—and it's ideal for compact and remote locations.

VACUUM RECLAIM SYSTEM

Fastest on the market with minimal maintenance

Recover material at a rate unmatched in the industry with the Ledwell Vacuum Reclaim System. The dual-function cyclone maintains a constant vacuum and works with any delivery system to recover unused feed to reduce waste.

The Vacuum Reclaimer operates with manual switch controls for each bin or an optional wireless remote. Available with a legal for trade scale.

Scan for details

SEVERE DUTY COOLER

Improves flow rates with minimal pressure loss

Delivering exceptional equipment is vital to us, and our Severe Duty Cooler takes our bulk haul equipment to the next level. When incorporated on a Ledwell truck or trailer, it improves cooling by more than 200%.

CONTROL BOX

New, simplified control box operates at a lower temperature and features circut breakers you can reset without additional parts.

DIFFUSER

We've updated the diffuser to a one-piece model that handles more flow and features a more robust design.

BREATHER ASSEMBLY

Improved air filtering keeps more dirt out of the tank.

FILTER HOUSING ASSEMBLY

Features better sealing surface for less leaks and weepage.

ADDITIONAL OPTIONS

Extras you won't want to live without

BIO SECURITY KIT

Our on-farm sanitation system reduces risk of spreading disease by spraying all tires and wheels, with a disinfectant, on any truck and trailer combination.

FULL FUNCTION WIRELESS REMOTE

Our Super Ranger is compatible with Air Operated Bottom Doors for a completely wireless system. Connect the base with your tractor and never lose a remote again.

SELF-CONTAINED HYDRAULIC SYSTEM

Operate your Ledwell Bulk Haul Trailer with any tractor when equipped with our Self-Contained Hydraulic System.

AUGER & DRAG CHAIN

4 cylinder engine
30 GPM per leg tandem pump
Conventional 9x9x9 system

PADDLE WAGON

3 cylinder water cooled engine
15 GPM per leg tandem pump
